Tips & Tricks

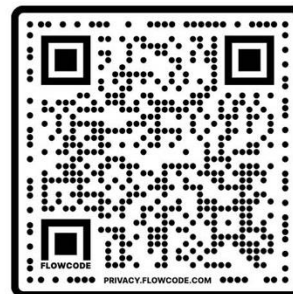

- Check out the initial order calculator on our website.
- If you are a returning troop, we suggest starting with 70 to 75% of last year's sale.
- If you are a new troop, we suggest starting with 60% of what other girls in your GS level did last year.
- When placing your order, enter all box counts in the OTHER row.
- DO NOT allocate cookies out to a girl at this time.
- When you are happy with your order, click submit. Then, go to the delivery tab to finalize your order.
- The sooner you place your initial order, the better chance you have at getting a pickup time slot that works for you.
